

The improvements to the Florida Market Assistance Plan (FMAP) referral service are now live!

If you are:

- Someone new to FMAP, get started by clicking on the [Consumer](#) or [Agents](#) page of our website.
- An FMAP customer who was previously registered for FMAP, you will need to resubmit your request if you still need insurance. If you provided us an email address, we emailed you instructions on December 10, 2021.
- An agent who previously registered with FMAP, we sent you an email on December 10, 2021, with instructions.

*Note:* Once previously registered agents login to the improved FMAP, they must reenter their search criteria to request consumer leads.

[Contact Us](#) if you have questions.
